Product Details

They say things get wilder after dark and this cunning two-in-one lampshade from Edinburgh maker Annette Baumann is quirky proof.

Perfect for a table lamp, the shade is made from lightly textured silk in a warm shade of orange. But there's more to it than first meets the eye – only when the light is switched on do you see the secret parade of life like moths on the inside.

This handcrafted shade is finished in 'Paprika' coloured silk with a rolled edge and fitted with a lamp holder ring that enables the shade to attach to a standard table lamp.

Due to the delicate nature of the materials, Annette recommends that her shades should not be used in bathrooms, near cookers or anywhere prone to rapid temperature changes.
